PREFERRED DENTIST PROGRAM (PDP)

*Savings, convenience and service
for healthier smiles*

Prepared For: State of Tennessee
Dental Preferred Provider Organization (DPPO)
August 2015

- High cost of certain dental treatments
- Benefit of preventive care
- Connection between oral health and overall health
- Peace of mind for you and your family

- Negotiated fees generally 15% to 45% below average charges in a dentist's community*
- Access to thousands of participating dental locations across the U.S.
- Flexibility to go to any dentist — in or out of the network
- Access to pre-treatment estimates, coverage verification, claim status and more, via Internet, fax or Customer Service Representatives

*Savings from enrolling in a dental benefits plan will depend on various factors, including the cost of the plan, how often participants visit the dentist and the cost of services rendered. Negotiated fees for non-covered services may not apply in all states.

	Katie goes in network	Joan goes out of network
Dentist's usual charge	\$716.00	\$998.00
Negotiated fee	\$716.00	\$716.00
The plan pays	\$358.00	\$358.00
	Katie pays \$358.00	Joan pays \$640.00

*Please note: This is a hypothetical example that reviews a crown (D2750), in 3 digit zip 372; and assumes your deductible has been met.
